Update 5

Providers Must Use New Claim Forms

Medi-Cal implemented the use of the *CMS-1500* claim form on June 25, 2007. Providers who previously submitted claims on the *HCFA 1500* must bill on the new *CMS-1500* claim form immediately. Providers not using the new *CMS-1500* should be in the process of transitioning. Failure to use the new form for claims submitted after June 25, 2007 may result in rejection of the provider's claim.

Also, Medi-Cal will not accept *CMS-1500* forms with bar codes. Some providers' systems are automatically printing bar codes on the form, which interferes with the claim adjudication process. Providers who have *CMS-1500* claim forms with bar codes should contact their software vendor to have this function removed.

Submission instructions for *Claims Inquiry Forms* (CIFs) and *Appeal Forms* require a copy of the corrected original claim form be attached. Old *HCFA 1500* claim forms will only be accepted for this reason.

Redirection of Treatment Authorization Request Services

Effective July 1, 2007, several regionalized *Treatment Authorization Request* (TAR) services provided by the Fresno Medi-Cal Field Office (FMCFO) were redirected to the Northern and Southern Pharmacy Sections (NPS and SPS), Sacramento Medi-Cal Field Office (SMCFO) and San Francisco Medi-Cal Field Office (SFMCFE).

This information is reflected on manual replacement pages [audio 3](#) (Part 2) and [tar field 1 thru 11](#) (Part 2).

Processing Changes for Treatment Authorization Requests

Beginning May 1, 2007, the California Department of Health Services (CDHS) started phasing in several changes that impact how paper *Treatment Authorization Requests* (TARs) are processed.

These changes are being implemented to minimize the key data entry of incomplete or erroneous TAR information and to reduce the volume of paper documents containing Protected Health Information (PHI), particularly Social Security Numbers (SSNs) that are sent via:

- United States Postal Service
- Courier services
- Other types of delivery services

CDHS expects to complete this phased implementation by September 2007.

*Please see **Processing Changes**, page 2*

Processing Changes (continued)

Processing Change Schedule

Processing changes to paper TARs impact providers interacting with the Medi-Cal field offices and pharmacy sections on the following dates:

<p>May 2007 Sacramento Medi-Cal Field Office</p>	<p>August 2007 Fresno Medi-Cal Field Office San Bernardino Medi-Cal Field Office</p>
<p>June 2007 Northern Pharmacy Section (Stockton) Southern Pharmacy Section (L.A.)</p>	<p>San Diego Medi-Cal Field Office San Francisco Medi-Cal Field Office</p>
<p>July 2007 L.A. Medi-Cal Field Office In-Home Operations South</p>	<p>September 2007 TAR Administrative Remedy Section In-Home Operations North</p>

Incomplete TARs

CDHS Medi-Cal field offices and pharmacy sections will be unable to enter paper TARs with incomplete information into the TAR system. These paper TARs will be deferred back to the submitting provider, with a Medi-Cal field office/pharmacy section *Incomplete TAR Form* identifying the reasons for deferral and instructions about how to resubmit the paper TAR with the necessary corrections.

Providers are to:

- Make the necessary corrections/changes on the paper TAR, and
- Resubmit with a copy of the *Incomplete TAR Form* on top of the paper TAR.

Paper TARs that are returned to the submitting provider for correction will not be available for inquiry through the Provider Telecommunications Network (PTN).

Any one of the reasons below will not allow the paper TAR information to be entered into the system. The reason(s) will be marked on the *Incomplete TAR Form* and sent back to the submitting provider for corrections. These reasons may consist of one or more of the following:

- The TAR form is illegible or damaged.
- The submitting provider number is missing, inactive, suspended or invalid for the category of service requested.
- The patient’s Medi-Cal ID number is missing, invalid or invalid in length, and the patient’s name/date of birth is missing.
- The patient is not Medi-Cal eligible.
- Information in the *Admit From* field (Box 14) on the *Long Term Care Treatment Authorization Request* (LTC TAR, form 20-1) is missing or invalid.
- The requested service information is missing, invalid or invalid in length.
- The ICD-9-CM diagnosis code, admitting ICD-9-CM diagnosis code and/or primary DX diagnosis code is missing or invalid.
- The County Medical Services Program (CMSP) pharmacy services are covered by MEDIMPACT. Providers may call 1-800-788-2949 for further information.
- The requested Adult Day Health Care (ADHC) service should specify the months and the number of requested days for each calendar month on separate lines of the TAR. The TAR request should not exceed six months or have more than one service line for a given calendar month. Providers may refer to the appropriate Part 2 manual for specific TAR preparation instructions.

Please see **Processing Changes**, page 3

Processing Changes (*continued*)**Adjudication Response**

CDHS will discontinue the practice of returning adjudicated paper TAR copies to providers based on the schedule above. Instead, providers will receive an *Adjudication Response* (AR), which will display:

- The status of requested service(s)
- The reason(s) for the decision(s), including TAR decisions resulting from an approved or modified appeal
- The adjudicator's request for additional information, if necessary

The AR will enable the provider to respond to the requested information or proceed to bill for authorized services. (See the *Adjudication Response* example at the end of this article.) Providers should keep a copy of the AR for their records and use it when responding to deferrals or when requesting an update/correction to a previously approved or modified TAR.

When requesting an update/correction, a copy of the AR must be placed on top of newly submitted documents to ensure the information can be matched with previously submitted documentation. Providers should clearly specify what change(s) are being requested.

The ARs will be mailed to the provider's address on file with CDHS' Payment Systems Division, Provider Enrollment Branch (PEB). Providers should ensure PEB has their most up-to-date mailing address on file. Instructions about changing/updating a provider address may be found on the Medi-Cal Web site (www.medi-cal.ca.gov). From the home page, click the "Provider Enrollment" link and then the "Provider Reminders" link at the top of the page.

Attachments

On November 15, 2006, CDHS notified providers via a flyer that attachments were no longer being returned with deferred paper TARs. Medi-Cal field offices and pharmacy sections will continue to retain and archive all attachments for reference.

Providers responding to a deferred TAR should return the AR and any new attachment(s) requested.

SSN on TARs

In accordance with *Medi-Cal Updates* issued in August and September 2006, providers should use the recipient's Benefits Identification Card (BIC) number on the TAR, rather than the SSN. If a TAR is returned to a provider because of inaccurate and/or incomplete information, the SSN will be removed.

Provider questions may be directed to the local Medi-Cal field office or pharmacy section.

National Provider Identifier (NPI) Number

Providers should be aware that the NPI number will not be accepted on TARs until after the official NPI implementation date of November 26, 2007. For detailed information about the new NPI implementation date, providers can view the "Important NPI Time Frame Changes" article posted in the "HIPAA News" area of the Medi-Cal Web site (www.medi-cal.ca.gov).

TARs issued under the old provider number (legacy number) prior to November 26, 2007 can still be used for claims submitted with an NPI starting on or after November 26, 2007. Providers will not have to request an updated TAR with the NPI information.

New Public Health Department Oversees Children's Treatment Program

Effective July 1, 2007, the Children's Treatment Program (CTP) is no longer organized under the California Department of Health Services (CDHS) and has the following new address:

California Department of Public Health
 1616 Capitol Avenue, Suite 74-317
 MS 5203
 P.O. Box 997377
 Sacramento, CA 95899-7377

The address change is part of a CDHS reorganization. CDHS is split into the following separate departments:

- California Department of Public Health (CDPH)
- California Department of Health Care Services (CDHCS)

Please see CTP, page 5

CTP (continued)

CTP is under control of the public health (CDPH) department. Claim submission and processing procedures for CTP remain the same.

Information about the CDHS reorganization is available on the Web at www.dhs.ca.gov/home/organization/reorganization.

This information is reflected on manual replacement pages prog 5 (Part 1) and children 1 thru 3 (Part 2).

CCS Service Code Groupings (SCGs) Update

Effective for dates of service on or after August 1, 2007, a number of codes are end-dated and added to California Children’s Services (CCS) Service Code Groupings (SCGs) 01, 02, 03, 04, 05, 06, 07, 10 and 12.

Reminder: SCG 02 includes all the codes in SCG 01; SCG 03 includes all the codes in SCG 01 and SCG 02; and SCG 07 includes all the codes in SCG 01. These same “rules” apply to end-dated codes.

The updated information is reflected on manual replacement pages cal child ser 1, 3 thru 16, 18 thru 20 and 22 thru 25 (Part 2).
