Reminder to Register NPI with Medi-Cal

Providers must register their National Provider Identifier (NPI) with Medi-Cal using one of the three methods listed below, if they have not already done so. The deadline to register NPIs with Medi-Cal is November 25, 2007. Providers who are already registered but need to update their information may do so only through November 16, 2007.

Note: Although Medi-Cal plans to participate in the National Plan and Provider Enumeration System (NPPES) data dissemination process, it is not Medi-Cal’s intention to use the data to replace the current NPI registration process. Medi-Cal intends to use the data only to validate NPIs already registered.

The three methods to register are as follows:

- National Provider Identifier Collection (NPIC) tool – This tool allows NPIs to be registered one at a time, quickly and for free. Providers access the NPIC through the Medi-Cal Web site (www.medi-cal.ca.gov) by clicking the “NPI” link under “Provider Resources” and then the “Register/Update/Inquire NPIs” link that appears in the NPI Resources box.
- NPI Bulk Registration Tool (BRT) – This tool is available to providers who would prefer to register multiple NPIs at the same time using the NPIC online system. Providers may access information about the NPI BRT and technical requirements through the Medi-Cal Web site (www.medi-cal.ca.gov) by clicking the “NPI” link under “Provider Resources” and then the “Register/Update/Inquire NPIs” link that appears in the NPI Resources box.
- NPI paper registration – The paper registration process is intended for providers who do not have Internet access. The NPI Registration Form is available through the Telephone Service Center (TSC) at 1-800-541-5555. After completing the required information, providers return their form, along with their NPPES verification document, to the address at the bottom of the form.

Cutoff Date Extension for Old Claim Forms

Beginning September 17, 2007, claims received on the old *HCFA 1500* or *UB-92* claim forms will be rejected and returned to the provider. Providers must submit claims on the new *CMS-1500* or *UB-04* claim forms to avoid rejection.

Medi-Cal implemented the use of the *CMS-1500* and *UB-04* claim forms on June 25, 2007. Providers who previously submitted claims on the *HCFA 1500* or the *UB-92* claim forms were instructed to discontinue using those forms and instead, bill on the new *CMS-1500* or *UB-04* claim form immediately.

*Opt Out is a service designed to save time and increase Medi-Cal accessibility. A monthly e-mail containing direct Web links to current bulletins, manual page updates, training information, and more is now available. Simply “opt out” of receiving this same information on paper, through standard mail. To download the Opt Out enrollment form or for more information, go to the Medi-Cal Web site at www.medi-cal.ca.gov, and click the “Learn how...” link under **OPT OUT** on the right side of the home page.*

Stop Illegal Tobacco Sales

The simplest way to stop illegal tobacco sales to minors is for merchants to check ID and verify the age of the tobacco purchasers. Report illegal tobacco sales to 1-800-5-ASK-4-ID.

For more information, see the California Department of Health Services Web site at <http://www.dhs.ca.gov>.

Cutoff Date Extension (*continued*)

Unfortunately, some providers continue to submit claims on the old forms, so the Department of Health Care Services (DHCS) has authorized EDS, the Medi-Cal Fiscal Intermediary, to continue processing claims submitted on the old *HCFA 1500* or *UB-92* claim forms for a limited time only. The old claim forms will continue to be processed and adjudicated appropriately only through September 16, 2007.

Over-one-year-old claims must also be billed using the new *CMS-1500* or *UB-04* claim forms beginning September 17, 2007.

As previously published, submission instructions for *Claims Inquiry Forms* (CIFs) and *Appeal Forms* require a copy of the corrected original claim form to be attached. Old *HCFA 1500* and *UB-92* claim forms will only be accepted for this reason.

Use of Social Security Numbers For Billing Prohibited Beginning February 1, 2008

Effective for dates of service on or after February 1, 2008, providers may no longer bill Medi-Cal or the Child Health and Disability Prevention (CHDP) program using a recipient's Social Security Number (SSN). Providers will be required to bill with the Medi-Cal identification number from the recipient's Benefits Identification Card (BIC) or paper ID card. Claims submitted with a recipient's SSN for dates of service on or after February 1, 2008 will be denied.

Exceptions

Certain exceptions apply for hospitals, Long Term Care (LTC) facilities, licensed primary care clinics and emergency medical transportation, as indicated by *Welfare and Institution Code* (W&I Code), Section 14045. The exception criteria will be based primarily on claim type and Place of Service codes.

Eligibility Verification Requirements

Eligibility verification should be performed prior to rendering Medi-Cal services. All providers are encouraged to use the Medi-Cal identification number from the recipient's BIC or paper ID card when verifying eligibility instead of using the recipient's SSN. If a recipient is unknown to a provider, the provider must make a "good faith effort" to verify the recipient's identification before rendering services. It is the provider's responsibility to verify the person's eligibility and that the person is the individual to whom the card is issued.

In an emergency or if a recipient does not bring a BIC to an appointment, providers may access the Medi-Cal Eligibility Verification System (EVS) and use the recipient's SSN (with the recipient's approval) to verify eligibility. Providers are asked to remind recipients that they need to take their BIC with them to the doctor, pharmacy, hospital or any other health care provider. Providers are encouraged to print copies of the *Always Take Your BIC With You* notice and share them with Medi-Cal patients or the patients' family members, caretakers or authorized representatives. The notice is available in multiple languages on the Medi-Cal Web site (www.medi-cal.ca.gov). From the home page, click "FAQs" under "Provider Resources," then click "Recipient Eligibility Verification."

BIC Information Returned in Eligibility Response

Changes are also being made to the EVS response message to return BIC information for eligible recipients when the SSN is used to verify eligibility.

Effective September 1, 2007, BIC information will be returned in the eligibility response message for eligibility inquiries submitted using the telephone Automated Eligibility Verification System (AEVS), the Point of Service (POS) device and the Real-Time Internet Eligibility (RTIE) single-subscriber transaction.

Effective for a limited submission period, from January 1, 2008 through January 31, 2008, BIC information will be returned at the end of the eligibility messages within the text message field of batch eligibility submissions. This will allow larger providers, such as hospitals and LTC facilities, the opportunity to update their patient records and databases with the BIC information.

Please see Social Security Numbers, page 4

Social Security Numbers *(continued)*

All providers are expected to use the Medi-Cal identification number from the recipient's BIC or paper ID card when verifying eligibility, billing Medi-Cal or submitting *Treatment Authorization Requests* (TARs).

Medi-Cal recognizes the importance of protecting the identity and health information of recipients and strongly encourages all providers to avoid using a recipient's SSN whenever possible.

Please see future *Medi-Cal Updates* for more information.

POS Device Benefits

Point of Service (POS) devices provide a quick and easy way for providers to process Medi-Cal claims. They are simple to use and cheaper than a personal computer. POS devices are provided and paid for by the State. Free maintenance and software downloads are included with all POS devices. The only cost to providers is the ongoing purchase of print paper rolls.

POS devices require virtually no assembly. They arrive complete, shipped in one box with electrical components attached to the appropriate items. Set-up is simple: POS devices are plugged directly into a telephone. A common 110-volt AC wall outlet is the only power supply needed.

POS devices are user-friendly, and make filing claims simple. Claims made with POS devices are assigned a Claim Control Number (CCN) right away so that providers can look up claims quickly. They are also equipped for National Provider Identifier (NPI) implementation.

POS devices also have a range of features and cover a variety of transactions and programs.

Features:

- 8 lines x 21 characters
- 128 x 64 pixel graphic liquid crystal display (LCD) with backlighting
- Built-in magnetic stripe card reader
- Internal printer, with paper installed and ready to use
- Easy to use alphanumeric, full-size character keys
- Works when the Internet is down

Available Transactions and Programs:

- ASC X12N version 4010A1 837 professional claim transaction
- ASC X12N 270/271 Eligibility Inquiry transaction
- Pharmacy claim transaction
- Child Health and Disability Prevention (CHDP) Program Gateway
- Family PACT (Planning, Access, Care and Treatment)
- Share of Cost (Spend Down)
- Share of Cost (SOC) Reversal
- Medi-Services (Medical Services Reservation)
- Medi-Services (MS) Reversal

For more information about POS Devices and service, call the Telephone Service Center (TSC) at 1-800-541-5555. When prompted, select option 16, then 16 again.

SCPI Manual Available Soon on the Medi-Cal Web Site

The Supplemental Claims Payment Information (SCPI) manual, formerly called the Automated Remittance Data Services (ARDS) manual, is being updated in conjunction with the rollout of National Provider Identifier (NPI) numbers. Two new field names – “Owner Number” and “Provider Type” – will be added to the header of SCPI files.

The manual will soon be available on the Medi-Cal Web site in the “Technical Publications” area. Please check the “What’s New” area of the Medi-Cal Web site home page and future *Medi-Cal Updates* for further announcements.

Manual information will be valid for tapes or files created on or after November 19, 2007.

For additional information, or to subscribe to SCPI, providers may contact the SCPI Help Desk at (916) 636-1060 (option 2).

County Organized Health System: Psychiatric Drug Correction

Psychiatric drugs are not capitated for the following managed care health care plans (HCPs).

- Santa Barbara Health Initiative (Santa Barbara County – HCP 502)
- Partnership HealthPlan of California (PHC), (Solano County – HCP 504)

June 2007 updates to text under the “Psychiatric Drugs” heading in provider manual section *MCP: County Organized Health System (COHS)* incorrectly stated that psychiatric drugs are capitated for these plans.

Incorrect information has been removed from manual replacement page [mcp cohs 7 \(Part 1\)](#).

For provider enrollment assistance, Family PACT prospective providers may contact the Office of Family Planning (OFP) at the California Department of Public Health at 916-650-0285, Monday through Friday, 8 a.m. – 5 p.m.
